

## WEDDING CEREMONY MUSIC

Picture this! You are walking down the aisle to the beautiful sounds of our String/Flute Quartet (which in fact sounds just like a miniature orchestra) or one of our other popular musical services, while your guests are amazed at how great you look and how great we sound!

Why not try something unique? Perhaps you would like to be piped in and out by our bagpiper in colorful authentic kilt attire?

We can bring your dreams to reality with our professional musical ensembles custom designed especially for your personalized wedding ceremony musical needs.
